[1] The special textile composition ensures improved fiber absorption and cleaning performance on low-pile carpets and rugs compared to the multi-surface roller. Measured in Kärcher's internal test laboratory in dry mode. Fiber absorption and cleaning performance may vary depending on floor type and environmental conditions.

100 % high-quality microfibres

- Optimum dirt removal and a high level of dirt pick-up for excellent cleaning results.
- Device washing up to 60 °C possible. Do not use any softeners.

Improved cleaning performance[1] on carpets

- Special fine polyamide bristles enable increased absorption of dry dirt and loose fibres on carpets.
- Ideal for cleaning low-pile carpets and runners.
